ecobee3 lite Pro
Unparalleled savings, control and comfort.

- Comes with a 5-year warranty when Professionally purchased and installed.
- Comes with a Power Extender Kit for HVAC systems without a common wire.
- Helps manage hot or cold spots when paired with ecobee Room Sensors™ (sold separately).

ecobee Room Sensor Pack
Comfort for the rooms that matter most.

smarter comfort
Detects temperature and occupancy to help manage hot and cold spots in the home.

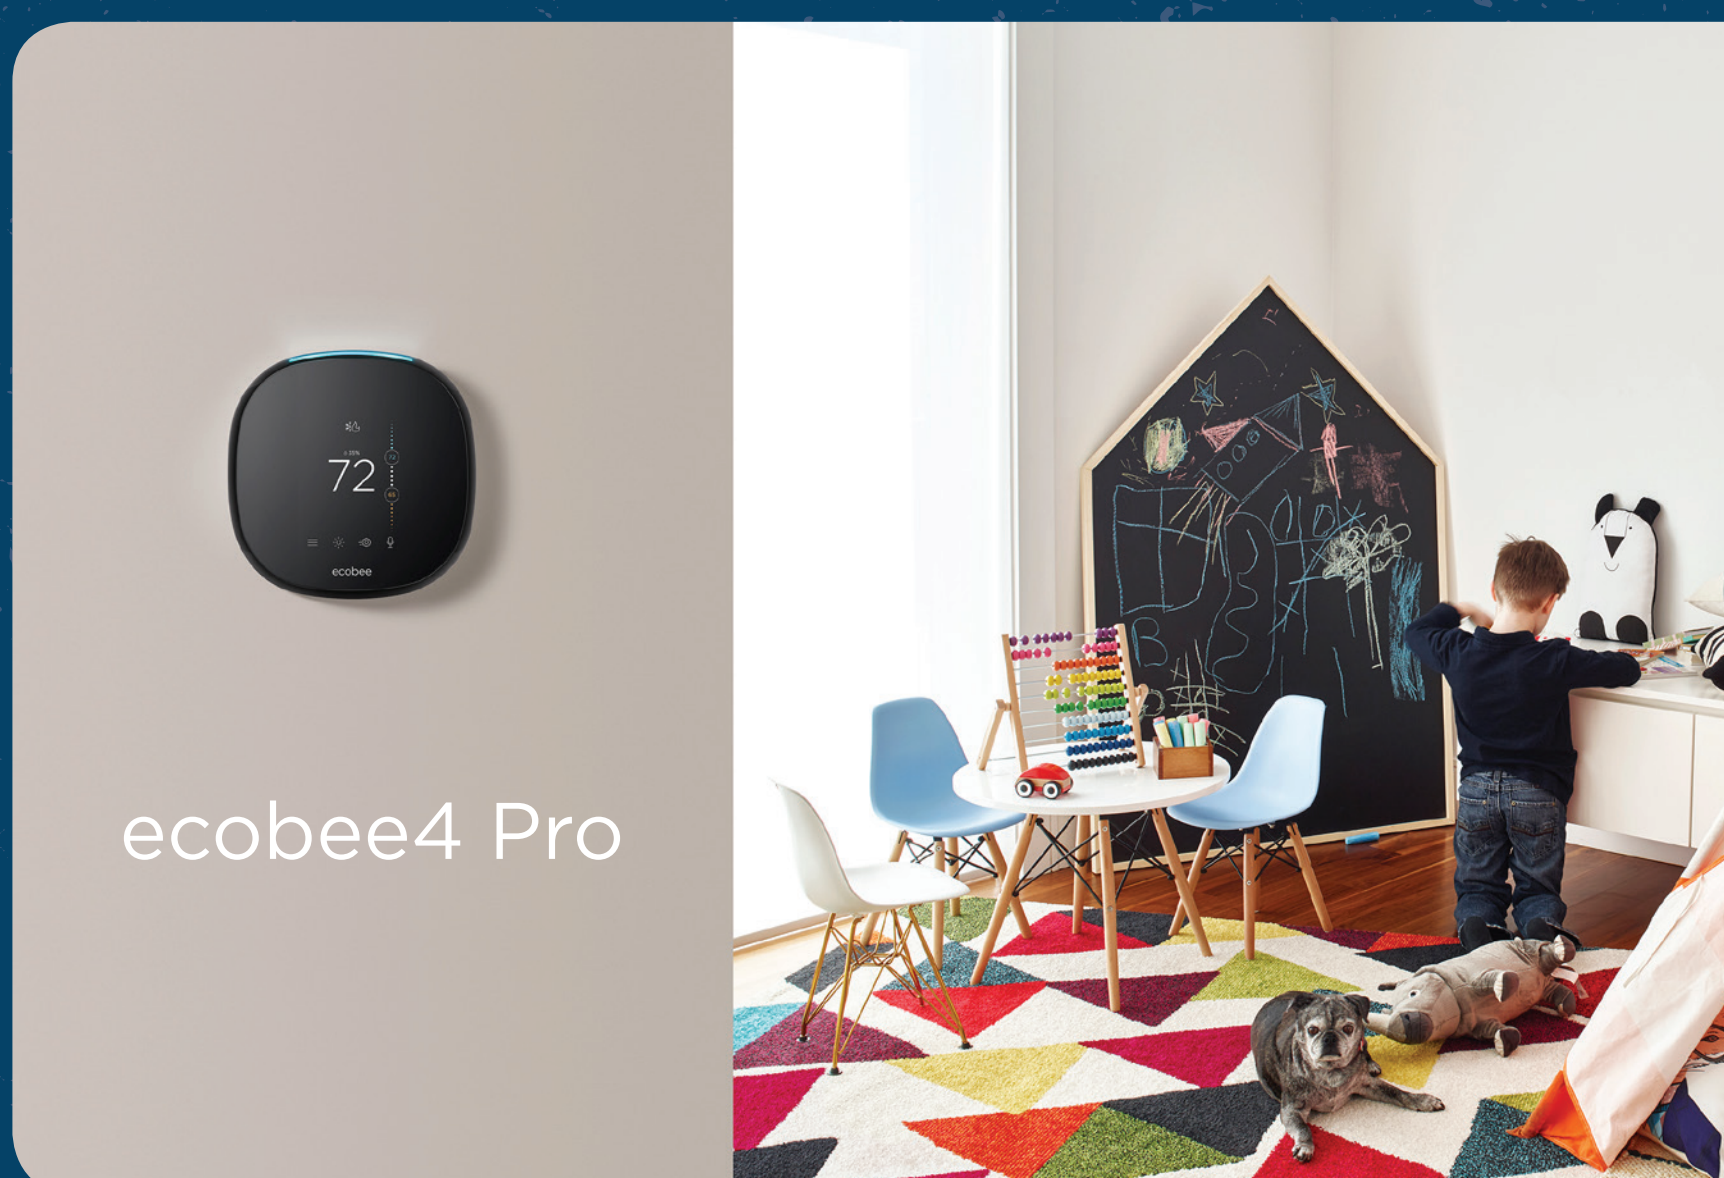

smarter savings
Sends a signal to the thermostat when it senses nobody's home, automatically engaging the right mode for savings.

smarter control
Provides room-specific temperature and occupancy readings in the ecobee mobile app.

smarter features
Room sensors enable three key features: Smart Home, Smart Away, and Follow Me.
