

Rinnai®

Simply Smart Engineering THE RELIABLE SOLUTION FOR COMFORT AND PERFORMANCE

The E Series Condensing Boiler

The compact, wall-mounted design can be easily installed as a retrofit application to replace traditional, less efficient boilers, or provide simple, space-saving solutions in a new construction project.

- 316L Stainless Steel self-cleaning Heat Exchanger achieves EnergyStar Most Efficient Certification
- Integrated Modulating Pump included on both Combi & Heat-only models
- Concentric & Two-Pipe Adapters included. All materials approved: PVC, CPVC, SS, Polypropylene-Rigid & flex.

COMBI: E50CRN, E75CRP, E75CRN, E110CRP, E110CRN

HEAT-ONLY: E60SRN, E60SRP, E85SRN, E85SRP, E110SRN, E110SRP
